

For eight generations little Gillies has sourced coffee from the world over for fine eating establishments, private dining rooms, and specialty coffee retailers. We have an enviable reputation, for our portfolio of custom grade specialties, our high level of knowledge, and our tradition of straight dealing. Our love for what we do has not gone unnoticed. Most of our clientele are repeat customers, and many of them regularly buy coffee online.

Sample Flavored Coffees

A selection of five delicious coffee specialties, 6 OZ each. Whole beans. Our pure Arabica blend of naturally sweet old crop coffees is the perfect canvas for painting a palate of flavor fantasies.
